

GET FLESH.

Get Strength, Vigor, Clear Complexion and Good Digestion, Not by Patent Medicines, but in Nature's Own Way.

Any honest physician will tell you that there is but one way to get increased flesh; all the patent medicines and cod liver oils to the contrary notwithstanding.

Nature has but one way to increase flesh, strength and vigor, mind and body, and that is through the stomach, by wholesome food, well digested.

There is no reason nor common sense in other method whatever.

People are thin, run down, nervous, pale, and shaky in their nerves simply because their stomachs are weak.

They may not think they have dyspepsia, but the fact remains that they do not eat enough food, or what they eat is not quickly and properly digested, as it should be.

Dr. Harlandson says the reason is because the stomach lacks certain digestive acids and peptones, and defective secretion of gastric juice.

Nature's remedy in such cases is to supply what the weak stomach lacks. There are several good preparations which will do this, but none so readily as Stuart's Dyspepsia Tablets, which are designed especially for all stomach trouble, and which cure all digestive weakness on the common sense plan of furnishing the digestive principles which the stomach lacks.

Stuart's Dyspepsia Tablets give perfect digestion. First effect is to increase the appetite, and the eased vigor, add flesh, pure blood and strength of nerve and muscle is the perfectly natural result.

Stuart's Dyspepsia Tablets is the safest, most known and will cure any form of stomach trouble except cancer of the stomach. May be found at drug-jets at 50 cents for full sized package or direct by mail from Stuart Co., Marshall, Mich.

LOST VITALITY

Restored by Prof. Jules Laborde's Marvelous French Preparation of Calthos.

FULL 5-DAYS TREATMENT FREE.  
No C. O. D. or Deposit Scheme.

All persons who suffer from the harassing effects of nervous disease should write to the Yon Mohl Co., Cincinnati, Ohio, at once, and receive by return mail their five days' trial treatment of "Calthos" free of charge. This is not a C. O. D. or DEPOSIT scheme, but a generous offer made in advanced medical science by this long-established concern, which is the largest importer of specific for nervous and weakness diseases in the world.

The Yon Mohl Co. have the sole American rights for Prof. Laborde's French preparation of "Calthos," the only remedy known to advanced medical science that will positively cure nervous debility in young or old men.

This remedy has for years been used as a specific in the French and German armies; and since its introduction into the United States its remarkable success in Europe has been repeated in this country. Lost vitality creeps upon men unawares. Do not desire victory or remain in ignorance while you are being dragged down by this insidious disease. No matter whether this weakness is caused

THIS CITY CLERK'S GOODS SEIZED.

Hoboken Official's Furnishings Appropriated on a City Judgment.

For the second time within a year the furniture in the office of Hoboken's City Clerk has been levied upon in execution of judgments which the Common Council failed to pay.

Constable Wise yesterday levied on the furniture in execution of a recent judgment by the Supreme Court in favor of former Judge E. T. Paxton, of the Hoboken District Court. The latter claims \$884.72 for decisions rendered in his capacity as Judge after his term of office had expired.

The Common Council failed to pay the claim and Judge Paxton brought suit and obtained judgment.

True matter came before the Council Friday night, when it was suggested that a bond be issued to satisfy the claim.

As it was stated that Judge Paxton had secured a similar bill some time ago, and in view of the fact that he had many other suits still undecided, he might present bills for years to come, it was decided to refer the matter.

This action of the Council yesterday caused the judge to have the attachment made.

**SAYS HE HAS LOST THE PROFESSOR.**

Hazard Met Allen on the Cars Coming from Toronto.

Harvey Hazard, a young man, who says he is a medical student from Toronto, is here, looking for Henry Allen, also of Toronto, who, Hazard says, is a civil engineer and was on his way to Dublin to assume a professorship of mathematics when he disappeared last Tuesday night.

Both men arrived in this city on Monday and put up at the Hotel Bradford, in West Eleventh street. On Tuesday night Allen left the hotel and bought a flask of whiskey at a nearby saloon. That was the last seen of him.

The police told Hazard, who said that he merely met Allen on the train coming from Toronto, that the professor could do as he pleased, Hazard said that Allen was worth \$70,000. He told many contradictory stories.

STARTLING SENSATION.

A Greater Than Schliatter Is Electrifying New Yorkers by the Most Astonishing Healing of the Century.

CURES BY LAYING ON OF HANDS.

Scottish Rite Hall the Scene of Marvellous Demonstrations That Are Treating in Sense Exilemen.—All New York flocking to the scene, where Cripples, Stutterers, Crotchets and Walk Away, and Sufferers Are Made Well before Your Very Eyes.

All New York is flocking to Scottish Rite Hall, Madison avenue and Twenty-ninth street, where the most sensational scenes of the century have been enacted every day. Here men and women who had been helpless cripples for a score of years are made well and a few moments, and a few minutes, and suffering people recovered into strong and robust men and women at the magic touch of this great man, who is invited to do this great work of curing afflicted humanity by the laying on of hands.

Here are some cases noted by the writer during the past week:

Josephine Norman, cured of rheumatism of ten years' standing.

Samuel Murray, given the use of a palsied hand, Mary Maurer, cured in one treatment of nervous prostration that might have been fatal in a short time.

Edna Knowlton, unable to walk without the aid of crutches, but who had been for years a few steps from the door, and who had been for years a few steps from the door, and who had been for years a few steps from the door.

Robert Kildner, free use restored to helpless arm crippled years ago in a railroad accident.

Josephine Norman, relieved at once of painful congestion of the lungs, which might have resulted in consumption.

Edna Knowlton, a young girl, weak and pale with spinal trouble, miraculously helped in one treatment; also showed the result in red cheeks and bright eyes.

Thomas Butler, relieved of neuralgia that had made him a martyr for many years.

Henry Peyer, cured absolutely of painful still neck; not a trace of pain left.

ASTOR'S DINNER AROUND A STUMP.

Section of a California Tree the Table at Which 27 Guests Sat.

HOST WON \$25,000 BY IT.

Dinner the Result of a Wager Made Two Years Ago on the Size of Redwood Trees.

Special Cable Dispatch.

(Copyright, 1899, by W. R. Hearst.) London, Oct. 15.—William Waldorf Astor won a wager of \$25,000 last night by giving a long expected dinner to twenty-seven persons seated around a table made from a single cross section of a great California redwood tree.

Nearly two years ago Mr. Astor had a discussion with General Owen Williams about the size of California trees, the Englishman not believing that they grew to such enormous size as Mr. Astor asserted. The result was a wager by the American millionaire that he would give a dinner to twenty-seven persons who would dine comfortably around the trunk of a California

Mr. Astor's MONSTER TABLE ON THE ENGLISH RAILROAD

QUE R TABLE AT WHICH M. ASTOR GAVE A DINNER.

William Waldorf Astor won a wager of \$25,000 on Friday night by giving a dinner to twenty-seven guests, who were seated around a section of a huge California redwood tree. The section measured 31 feet in circumference, and was taken to England by the American millionaire at great expense.

tree.

At great expense Mr. Astor had a section of a gigantic tree sent to him from California. It measured 31 feet in circumference. When the tree arrived in England it was taken on Clevedon, the beautiful country place of Mr. Astor, on the Thames, near Henley. There it was partially buried in a part of the park known as the Half Wood, where the chief work in burying it is not known, but it was left for months partially underground.

From Tree to Table.

Four weeks ago the section of the tree was turned over to a firm at Aylesbury, who smoothed off the surface and polished it highly. As it was impossible to get the table into the house a large marquee tent was erected over it in a little glade of the Half Wood. The ground was strewn with fresh ferns to make a natural carpet, and there the dinner was given. No cloth was spread over the polished surface, but it was prettily decorated with wild flowers. Young Miss Astor, while beautiful candlelight cast a soft light over the costly silver plate and china. Chinese lanterns were hung from the great doorway of Clevedon to the marquee, and the glade was gayly illuminated.

Most of the guests had been at Clevedon for a week, while others came from Taplow Court, where Lady Louisa Grenfell was having a house party. Tea was served in the great hall of Clevedon during the afternoon, and after 6 o'clock the march to the strange dining table in the glade began. As the guests entered the marquee there were many exclamations of wonder and delight.

Mr. Astor Presided.

Mr. Astor presided, with his twenty-six guests seated in a circle around the tree. They were a bit crowded and facetious guests remarked that Mr. Astor had invited the thinnest people he knew.

The guests were General Owen Williams, of Tranby Croft, notoriety, who made the bet; Lady Louisa Grenfell, Captain Grenfell, Marquis of Hamilton; the Duchess of Abercorn, Lord George Hamilton, Hon. W. P. H. Smith, Mrs. Smith, Lady Randolph Churchill, Drummond McGregor, P. Wyndham Martin, Mrs. Wyndham Martin, Miss Martin, A. H. Grenfell, Miss Williams, Mrs. Reuben Sassoon, Sir Watkin Wynne, Hon. W. Lifford, Colonel St. George, the Earl of Desmond, Viscount of Athlone, Captain Lambton, Lord Castletown, Hamilton Sturmer and Miss Chisholm. The menu was hand painted, representing a redwood tree with the course on the trunk. The dinner was served from a small kitchen erected in the wood nearby. Mr. Astor had the Duchess of Abercorn on his right and Mrs. Smith on his left.

The Dukes of Cambridge and Teck were to have attended, but were detained at the last moment. General Williams paid the bill, and after the dinner the guests went back to the great Clevedon house for the evening, as the weather was somewhat chilly.

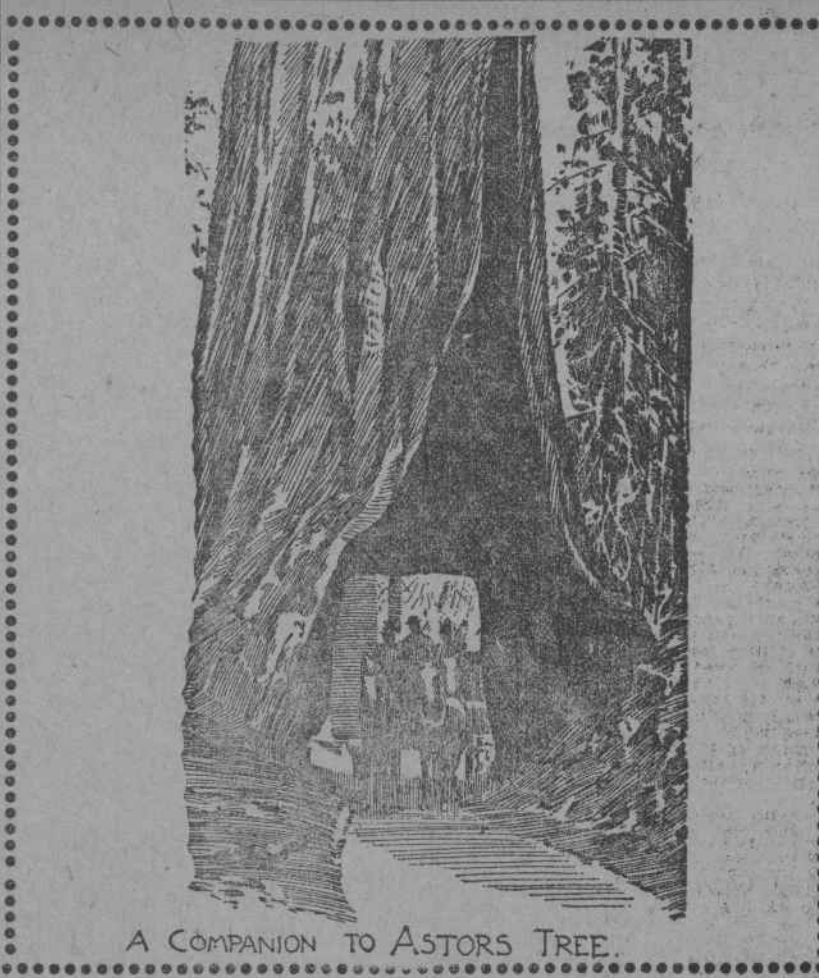

BRITISH YACHTS TO BE TAXED HERE.

The English Government having recently passed a law imposing an annual charge of one shilling per ton as light dues on American pleasure yachts in the ports of Great Britain, this Government has decided to repay in kind.

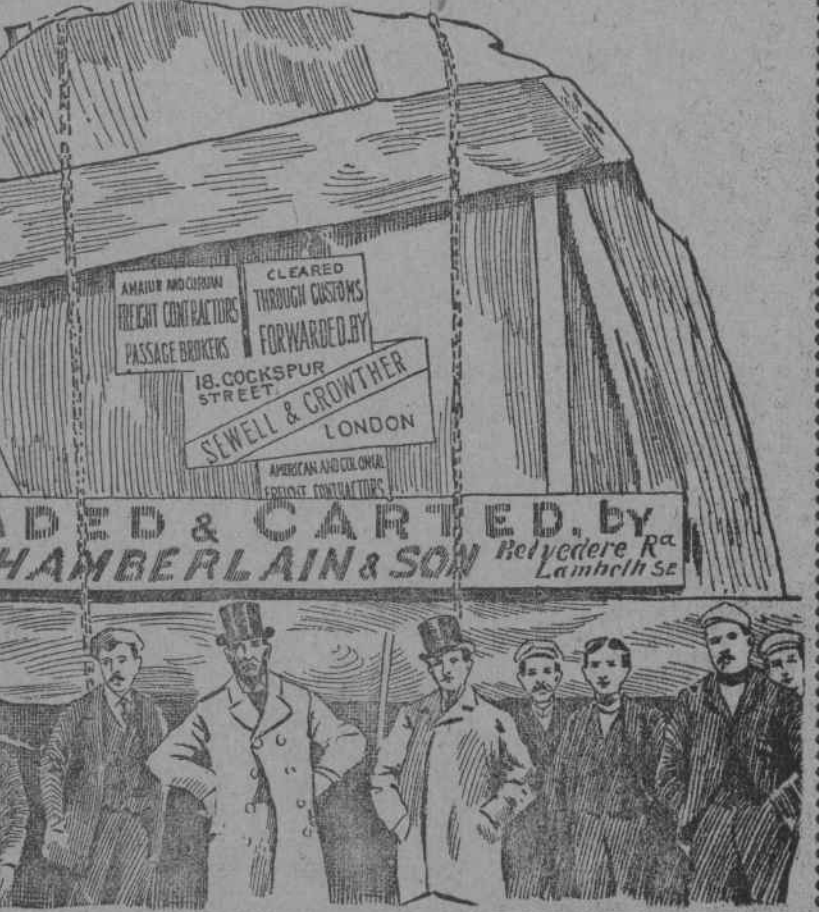

Commissioner E. T. Chamberlain, of the Bureau of Navigation of the Treasury Department, has so advised Congress in the appended communication:

"As the British Government has declined to extend to American yachts in British ports the privilege now extended to British yachts in American ports, you are instructed on and after April 1, 1899, to require British yachts visiting your ports to enter and clear at the Custom House and to pay tonnage tax as imposed by law on merchant vessels."

The British tax becomes operative at the same time as the American tax.

A COMPANION TO ASTOR'S TREE.

Women Cure Drunkards

Eloquent Words From a Wife Who Rescued Her Husband From a Terrible Habit.

Secretly Gave Him a Remedy in His Coffee and He Now Rejoices With Her.

MRS. KATIE LYNCH.

Who can doubt that there is a cure for drunkards when we have such an eloquent and emphatic statement from Mrs. Katie Lynch, of 329 Ellis St., San Francisco, Cal. She says:—If I were able to express in words the unbounded joy that was mine as a result of an experiment that I made some time ago, your readers would likely think I was awfully sentimental. And for this reason I will only tell of the practical results and leave the sentiment for the imagination. My husband was a hard drinker. There was never a doubt in my mind but what liquor had so worked upon his nerves as to actually control his appetite. Like most men who drink he was kind and generous when sober, but the rum demon usually had the better of him and his wife had to suffer. This went on for years, but one day I concluded to try a remedy called Golden Specific, which I was told was a result of an experiment that I made some time ago. I with Mr. Lynch's food for a few days and put a little in his coffee and tremblingly awaited results. I was greatly astonished and could scarcely conceal my agitation and fear lest he should suspicion me; for he had suddenly taken a dislike to liquor, said he despised the stuff, and was the most remarkably changed man you ever saw. But I kept heavily at it, determined not to waste in my at-

tempt to cure him if it were possible, and I soon found out that my mission was a complete success and that Golden Specific had wrought almost a miracle for me. Can anything be a greater blessing to a woman than this? to have it within her power to kill the liquor devil? I want other women to profit by my example and am glad to learn that Dr. Haines, who discovered Golden Specific, will generously send a free trial package to every woman who writes for it.

Send your name and address to Dr. J. W. Haines, 609 Glenn Bldg., Cincinnati, O., and if you wish you are at liberty to refer to me as having told you about this marvellous remedy. Put away your tears, despair and suffering and try this free sample of Golden Specific.

If I had the power to do so I would send a message to every woman in this broad land directing her to this wonderful method of saving the drunkard. Yours faithfully, Mrs. Katie Lynch.

Mrs. Lynch united with his wife in praising the remedy that uplifted him and brought happiness to her. They both have been instrumental in saving a great many of their townfolk who were once drunkards. This is a practical temperance work.

How Insomnia Kills.

If You Can't Eat or Sleep Well You Are in a Dangerous Condition.

Insomnia, Nerve Weakness and Physical Prostration Cured by Dr. Greene's Nervura.

Sleeplessness is simply a rapid road to the insane asylum. No greater calamity can befall a person than to become sleepless. The extreme weakness, the tired and utterly exhausted and prostrated feelings following wakeful, disturbed and unrefreshing nights are terrible. What wonder that there are so many shattered nerves, tired brains and debilitated bodies, when we consider the thousands upon thousands who pass sleepless or disturbed nights, and rise mornings feeling indescribably miserable, dragged out, scarcely able to face the day's work! What wonder that so many rise mornings from their beds, where they have lain with weary lids and sleepless eyes, tossing from side to side, or simply catching short, unrefreshing naps filled with dreams, feeling heavy-headed, with pale face, haggard looks, dull and heavy, ringed eyes, and go about their daily employment with tired limbs, exhausted energies, nerveless and ambitious.

There is one sure way to cure sleeplessness, and that is by the use of Dr. Greene's Nervura, the great brain and nerve invigorator. This wonderful remedy is nature's own sleep producer, and is perfectly harmless, being made from pure vegetable medicines fresh from the lap of nature. It may be given to infants, children or the most delicate invalids without fear. It soothes, calms and quiets the weakened, irritable and overwrought nerves, producing perfect repose and refreshing, natural sleep; at the same time it builds up and tones up the shattered nerves and gives renewed life, strength, vitality and vigor to the system.

Mr. F. M. Byers, Alliance, Ohio, says: "Some time ago I suffered with general disability and nervousness. I could not sleep at night nor in the daytime. I suffered almost everything and had a severe pain in my side. I was depressed in spirits and discouraged in every way. One day I read of Dr. Greene's Nervura blood and nerve remedy and determined to try it. I have now taken six or eight bottles and I feel like a new man. I had only taken it a short time when it began to build me up. I can sleep now and have a good appetite and feel that I have a new lease of life. I consider Dr. Greene's Nervura blood and nerve remedy the best of medicines."

Dr. Greene can be consulted, free, personally or by letter, at his office, 35 West 14th St., New York City. A free letter of advice from the distinguished specialist has placed many an unhealthy man and woman on the road to recovery.
